Born in 1968.

He lives and works in Zabrze, Poland

Tomasz studied at the Academy of Fine Arts from Krakow and graduated in 1993. He was teaching at the Academy of Fine Arts from Katowice. He also taught in foreign universities in Finland, United States and the Czech Republic.

The creations of Tomasz Kocłęga have always been centered on human nature, with its desires, emotions, movements, skills and dreams.

This fascination delimits the domain of its creative activities, which express the most often with a figurative sculpture. His refined sense of form allows spectators to explore and discover the truth on the man. The emotional and the intellectual are condensed into the deformed human body of which silent gestures become an alphabet to express universal values.

Kocłęga presented his works in the public space for many exhibitions in the United States, Japan, China, South Korea, Taiwan, Hong Kong, France, Russia, Belgium, Germany, Great Britain, Austria, Finland, Slovakia, the Czech Republic and many Polish cities.

This year, he is making sculptures for New Delhi

He has won numerous awards at the largest international competitions. and the most prestigious sculpture competitions on snow in China, Japan, Russia and in Poland.

His sculptures are permanently located in the United States, India, Lithuania, in the Czech Republic and Poland.

His last monumental work was cast in bronze and was permanently placed in New Delhi.
